Mr. Kaushik may please be allowed for the registration this semester based on the necessary penalty imposed and given a chance to complete his MDes degree

[Signature]
2/1/17

HOD, Design Discipline: *The student may please be allowed as a special case, given the fact that the career of the student would be at stake if he is not allowed to register. Necessary penalty may be imposed as deemed fit by the institute.*

Respected Sir,

I, **Madugundi Kaushik, 1410412, M.Des 2014-2016 batch**, had not completed my thesis work by the end of the course. I was planning to start a start-up, hence had to stay out of campus and complete my thesis work. After enquiry at the academic department, according to what I understood, I took leave from college on basis of verbal permission from my thesis guide.

I was unable to register for the current semester due to these reasons. There could have been a possible miscommunication between academic department and myself. This would not allow me to complete my thesis within the semester and hence please consider this letter to initiate my registration. I apologise for any misbehaviour from my side. Hoping that you would do the needful.

Yours Faithfully

Mr. Kaushik

Respected Sir,

I, **Kishan Kumar, 1410410, M.Des 2014-2016 batch**, want to state that I have not yet completed my thesis work by the end of the course. I missed to register for the last semester due to not availability of tuition fee, so I wanted to drop the semester that time. Due to miscommunication between academic department and myself I missed to take the semester leave. After enquiry at the academic department, according to what I understood, I took leave from college on basis of verbal permission from my thesis guide.

Due to the above mentioned reason, I was denied the opportunity to register for the current semester. There could have been a possible miscommunication between academic department and myself. I would like to complete my thesis within this semester and hence, I request you to please consider my case and permit me to register for the semester. I apologise for any misbehaviour from my side and request you to please consider the letter.

Yours Faithfully

Subject – Request to register for the current semester – Jan 2017

Respected Sir,

I am extremely regretful for not informing the academics for the semester leave. I did told my thesis guide of the absence verbally, and thought that was the requirement for leave. Before leaving I did insured I signed off from MESS and HOSTEL, but maybe somewhere I was miscommunicated of the rules and regulations of the academics which I needed to abide for the leave.

I consider it my mistake that I failed to register for the previous semester.

Please grant me permission to register for this semester.

Sincerely,
Anshul Singh
M.Des (1410404)

Subject : Request to register for the current semester January 2017

Respected Sir ,

I, Ankur Raj, 1410403, M.Des 2014 - 2016 Batch, had not completed my thesis work by the end of the course, I had to consider completing the thesis off campus as i was not able to attend the college for the month of January, 2016 as my father expired on 5/01/2016, i was also selected for campus placement in the month of March, 2016 after which i had to complete a lot of joining formalities followed by the end semester exams in April - May, 2016. My joining date was 1/06/2016, Hence, I could not complete my thesis in the campus and had to consider doing it off - campus.

After enquiring at the academic department, according to what i understood, I left the college through a written permission from my thesis guide and my Head of department.

Due to the above mentioned reason, I was denied the opportunity to register for the current semester, there could have been a possible miscommunication between academic department and myself, I would like to complete my thesis within this semester and hence, I request you to consider my case and permit me to register for the semester. I apologise for any misbehaviour from my side and request you to consider this letter.

Sub: Request to register for the current semester- January 2017

Respected Sir,

I, **Upasna Rana, 1410418, M.Des 2014-2016 batch**, completed the coursework excluding the thesis by the end of the session. I had to consider completing the thesis work off campus as my area of study was in Uttar Pradesh. After enquiry at the academic department, according to what I understood, I took leave from college on basis of verbal permission from my thesis guide.

Due to the above mentioned reason, I was denied the opportunity to register for the current semester. There could have been a possible miscommunication between academic department and myself. I apologise for any misconduct from my side and request you to consider this letter.

I would like to complete and submit my thesis work this semester. Please consider this as my humble request and permit me to register for this semester.

Yours Faithfully

Subject: Permission to register for Semester II for the academic year 2016-17

Sir,

I, Sachin Pisharody, am yet to submit my thesis as a deliverable for the completion of my degree of Master of Design. I assure you that I will complete and submit my thesis in this semester, this semester being my last, failing which I would be disqualified from the Program. Hence, its critical for me to register for this semester.

I was unable to register for the previous semester as I fell sick in the month of April 2016, suffering from acute myocarditis. After which the doctor had advised me a month's bed rest and follow utmost care for the next two months.

I understand that it was wrong on my part that I did not inform the college about my inability to register and did not take the permission for my leave of absence.

I request you to kindly allow me to register for the semester and finish what very little is left of my thesis and submit it at the earliest.

Thanking you.

Yours sincerely,

Subject: Regarding registration of the semester II (2016 - 17) for thesis submission

[Signature]
02/1/17

Sir,

I, Balasubramaniyan N. (2013-2015 batch) is yet to submit my thesis for the completion of my Degree, Master of Design. Due to various circumstances in my family and related financial situations, I was unable to manage my thesis and my responsibilities simultaneously. Hence, I was unable to register for the previous semesters and was not able to inform the institute regarding my absence. I realize that it was a mistake and hereby extend my sincere apologies for that.

This is my last semester, where failing to register will lead to termination of my degree. I hence kindly request you to consider my situation and grant me permission to register for this semester. I also assure that I would be completing and submitting my thesis within this semester.

Thanking you,

Yours sincerely,

N. Balasubramaniyan

Subject: Request for continuing Ph.D. program

Respected Sir,

I (Umakant Mandawkar) am a PhD Research Scholar in CSE of this institute since January 2012. Two years ago, my father passed away and I have to bear the entire responsibility of my family as I am the elder son. Also, I was not getting Ph.D. stipend from the institute. I had to join a teaching job for financial stability and therefore, I could not register in this semester, i.e. Semester-I, 2016-17 (August-December). I have already completed my course work and the necessary residency requirements.

Now that I am quite stable financially, I would like to accomplish what I thought, to serve in research. I request you to please grant me permission to continue my Ph.D. program from semester II (2016-17). I ensure that such discrepancy will not be repeated in the future. I shall be highly obliged to you if you consider the case.

Thanking you,

Yours sincerely,
