Note - 1

Date: 20-06-2017

Sub: Regarding two EMFs run during summer-2017

In semester II 2016-17, some of the student of 2013 Batch are getting 'F' grade in the following EMFs:

- i. EM668g Software Quality Assurance (Floated by CSE Discipline)
- ii. EM682p Introduction to IPR (Floated by ME Discipline)

In Summer 2017, ME discipline has offered EMF and the same can be offered to the above said students of ME discipline. However, CSE discipline has not offered any EMF in summer 2017. So, one EMF is required to float in this summer for CSE students.

Now, CSE Dept has offered EM601f Data Mining and Instructor Incharge will be Dr V.K.Jain.
Submitted for the approval.
