08th – 12th Oct, 2018

*Jointly Organized by*

**Dept. of Electronics and  
Telecommunication Engineering  
&  
Electronics & ICT Academy, PDPM  
IIITDM Jabalpur**

at  
**National Institute of Technology  
Raipur-492 010 (India)**

### **About the Institute:**

**National Institute of Technology Raipur** situated in the capital of Chhattisgarh, has proven to be "avant-grade" in the field of science and technology over past few decades in this region. With sweet memory of foundation ceremony by our president Hon'ble Dr. Rajendra Prasad on 14th September 1956, the institute started with two departments namely Metallurgical and Mining Engineering. Later the inauguration of the Institute building was done by our Prime Minister Hon'ble Pt. Jawahar Lal Nehru on 14th March 1963. From 1<sup>st</sup> December 2005, the institute has become the National Institute of Technology. It is well connected with Mumbai, Delhi and all metro cities by regular flights and is on the main Howrah-Mumbai railway route. The institute is 5 km from the Raipur railways station and 18 km from airport on NH-6, the Great Eastern Road.

### **About Departments:**

The Dept. of Electronics and Telecommunication came into existence in 1985. The department aims to be national leaders in imparting quality education, carrying out research and technology development. The department provides an outstanding research environment and offers academic program leading to the award of B. Tech, M Tech and Ph.D. degrees.

### **About the E & ICT Academy, PDPM IIITDMJ:**

Ministry of Electronics and Information Technology, Government of India has instituted four Electronics and ICT Academies with one academy at IIITDM Jabalpur with the primary objective preparing manpower for two important missions - 'Digital India' and 'Make in India'. The Academy aims at the design and implementation of scalable training programmes in niche areas of electronics and ICT for the development of required knowledge base, skills and tools to unleash the talent of Indian population. The Academy at IIITDMJ will partner with IIITM Gwalior, MANIT Bhopal, and IIT Indore run high quality specialized courses for faculty, students and unemployed graduates.

### **Venue:**

NIT Raipur (CG) – 492 010, INDIA

### **Objectives:**

Machine Learning (ML) and IoT play a significant role in the modern engineering and information processing systems. It is a rapidly growing field.

The Machine Learning is an essential part of pattern recognition, object detection and classification, clustering, data mining and speech recognition etc. In addition, IoT has important significance over machine learning in application of smart city.

The aim of this FDP is to provide an exposure to both basics and recent advances in Machine Learning and IoT to the teaching and research community associated with the departments of Electronics, Electrical, Computer Science, IT, MCA, Bio Medical etc. The trainings will cover pattern recognition and data mining fields specifically.

### **Speakers:**

Expert lectures will be delivered by the Faculty members of the various branches from the institute and from outside NIT Raipur. Hands-on sessions are suitably designed to supplement classroom discussions using suitable software.

### **Eligibility:**

Participation in this FDP is open to the faculty members, engineers, researchers, and other executives working on diverse fields of engineering such as IT, electronics, computer, electrical, instrumentation, biomedical, biotechnology, mechanical engineering, etc.

### **Selection:**

The seats are limited to 30 candidates. The preference will be given to the participants on first-come, first-served basis. *However, faculty participants would get priority over other participants.* Intimation regarding selection will be sent to the candidates by email as per the schedule.
